Description

[Description]

When we open the application with out of internet connection, the application show us a bugs with view.

[Steps]

1. Turn off the internet connection
2. Open the application

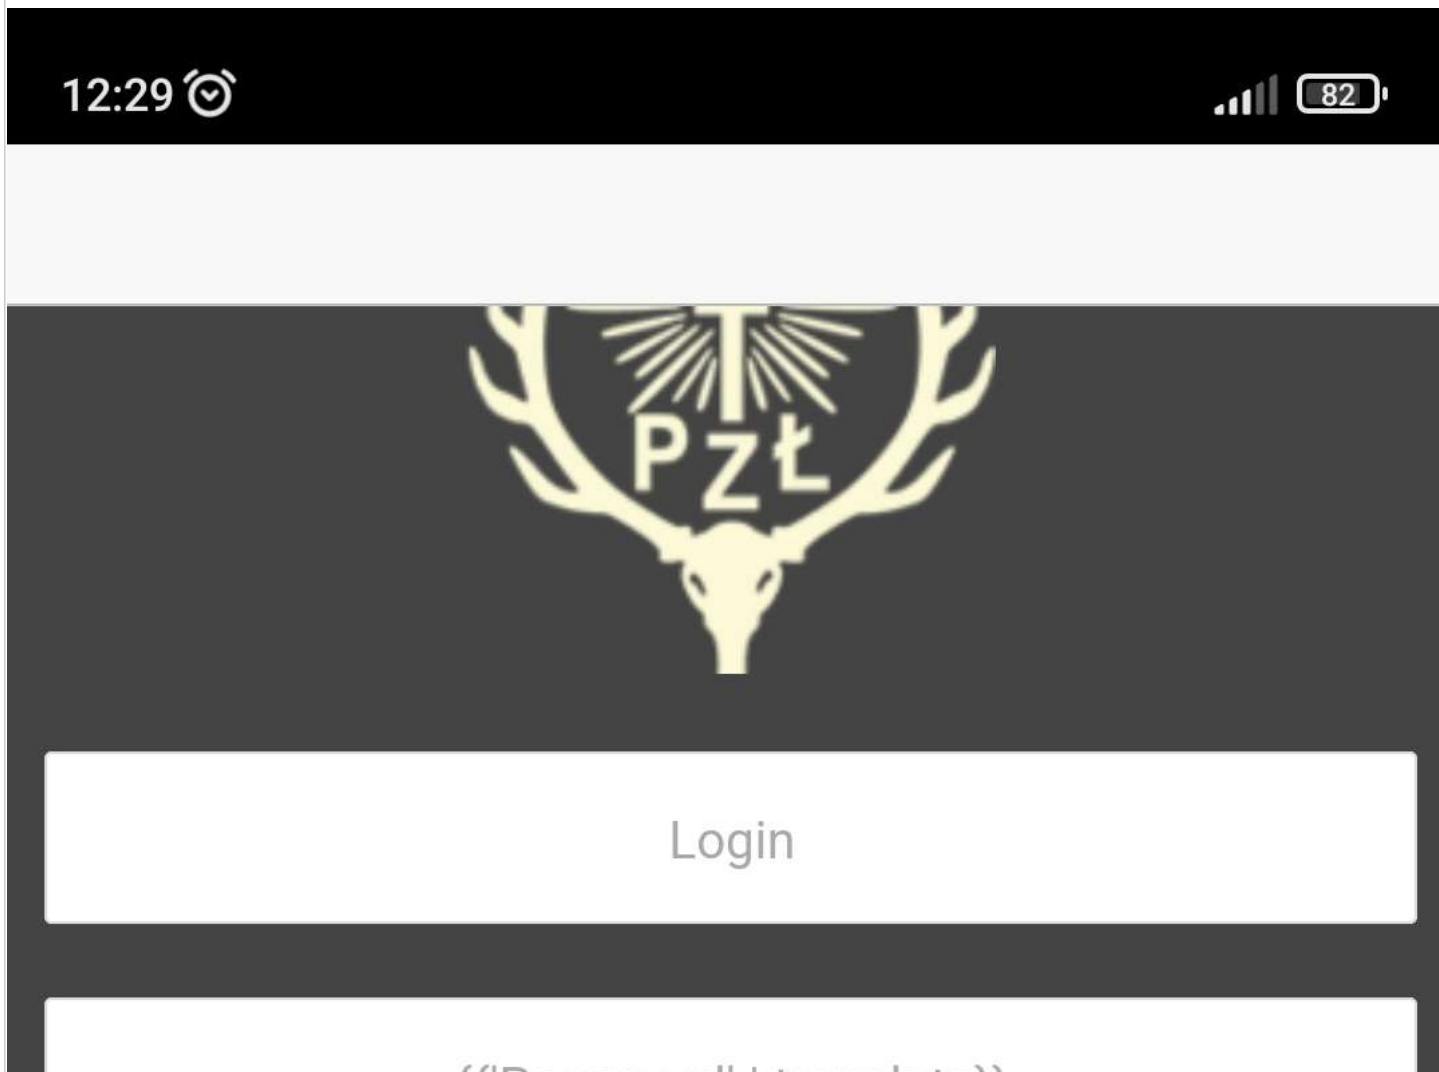

[Expected result]

Application's view is correctly, only red dot and description inform us about connection problems/

[Observed result]

Application's view is incorrectly. There is none dot nor description. Login and password boxes, login button have bad view.
